**MATERIAL SAFETY DATA SHEET**

COMPLIES WITH OSHA’S HAZARD COMMUNICATION STANDARD (29 CFR 1910.1200)

**SECTION I · PRODUCT IDENTIFICATION**

**Product Name:** Si-722 Anti Corrosion Film  
**Product Number:** 722-98  
**Product Type:** AEROSOL  
**Formula:** Proprietary  
**Supplier’s Name:** Superior Industries, Inc.  
**Supplier’s Address:** P.O. Box 8, Chattanooga, TN 37401  
**DOT Ship Description:** CONSUMER COMMODITY, ORM-D  
**Date Prepared:** 11/09/12  
**Information Phone:** (423) 899-0467  
**Emergency Phone:** (800) 476-2072

**KEEP OUT OF REACH OF CHILDREN.**

For Industrial and Institutional use only.  
Store in a cool, dry area away from heat or open flame.  
Do not store at temperatures above 120°F.

**SECTION VII · HEALTH AND FIRST AID**

**PRIMARY ROUTES OF ENTRY & EFFECTS OF OVER EXPOSURE:**

**Eyes:** May cause moderate to severe irritation accompanied by stinging, tearing, redness, blurred vision, and pain.  
**Skin:** Frequent or prolonged contact may cause irritation and possibly dermatitis. May aggravate existing skin conditions.  
**Inhalation:** Inhalation of mist can cause irritation of nasal and respiratory passages. Absorbed or excessive inhalation may cause irritation to the upper respiratory tract, anesthesia, dizziness, headache, rapid breathing, narcosis, and other central nervous system effects, including unconsciousness and death.  
**Ingestion:** Can cause gastrointestinal irritation, nausea, vomiting, diarrhea and abdominal pain. Aspiration of material into the lungs can cause severe pulmonary injury, possibly progressing to death.  

**FIRST AID PROCEDURES:**

**Eyes:** Flush with large amounts of cool running water for at least 15 minutes while holding upper and lower lids open. If irritation persists get medical attention immediately.  
**Skin:** Wash with soap and water. If irritation persists seek medical attention.  
**Inhalation:** Remove to fresh air. Seek medical attention immediately. If breathing stops give artificial respiration.  
**Ingestion:** Do not induce vomiting. Seek medical attention immediately.

**SECTION VIII · SPECIAL PROTECTION DATA**

**Respiratory Protection:** None needed for proper use in accordance with label directions.  
**Ventilation:** Provide local exhaust to keep concentration of Section II ingredients below acceptable limits.  
**Protective Gloves:** Use chemical resistant gloves if hand contact will be made.  
**Eye Protection:** Always wear safety glasses or chemical proof goggles when working with chemicals.

**SECTION IX · SPILL OR LEAK PROTECTION**

**STEPS TO BE TAKEN IN CASE OF SPILL OR LEAK:** Allow propellant to evaporate. Maintain local exhaust and adequate ventilation. No smoking. Keep sparks, heat sources and open flame far away from spill or leak. Cover with absorbent material and sweep up. Wash area to prevent slipping. Dispose of soaked absorbent material in accordance with Federal, State and local laws.  

**WASTE DISPOSAL METHOD:** Aerosol cans, when emptied and depressurized through normal use, pose no disposal hazard and should be recycled. Consult Federal, State and local authorities for approved procedures.

**NOTICE:** The information contained on this Material Safety Data Sheet is intended for use by experienced users knowledgeable about the hazards involved. The vendor assumes no responsibility for injury or damages resulting from the inappropriate use of this product.

SECTION III · PHYSICAL DATA

Boiling Point: 244°F
pH: N/A
Appearance/Odor: Dark brown liquid with petroleum solvent odor
Total VOC %: 56.98%

SECTION IV · FIRE AND EXPLOSION DATA

Specific Gravity (H2O=1)@70°F: 0.848
Solubility In Water: insoluble
Vapor Density (Air=1): >1
Vapor Pressure (@72°F): N/D

SECTION V · REACTIVITY DATA

Stability: Material Stable.
Incompatibility: Avoid contact with strong oxidizing agents.
Hazardous Decomposition Products: Carbon Dioxide, Carbon Monoxide, Aldehydes.

KEEP OUT OF REACH OF CHILDREN.
For Industrial and Institutional use only.
Store in a cool, dry area away from heat or open flame.
Do not store at temperatures above 120°F.

SECTION VI · STORAGE AND HANDLING

PRIMARY ROUTES OF ENTRY & EFFECTS OF OVER EXPOSURE:
Eyes: May cause moderate to severe irritation accompanied by stinging, tearing, redness, blurred vision, and pain.
Skin: Frequent or prolonged contact may cause irritation and possibly dermatitis. May aggravate existing skin conditions.
Inhalation: Inhalation of mist can cause irritation of nasal and respiratory passages. Abusive or excessive inhalation may cause irritation to the upper respiratory tract, anesthesia, dizziness, headache, rapid breathing, narcosis, and other central nervous system effects, including unconsciousness and death.
Ingestion: Can cause gastrointestinal irritation, nausea, vomiting, diarrhea and abdominal pain. Aspiration of material into the lungs can cause severe pulmonary injury, possibly progressing to death.

FIRST AID PROCEDURES:
Eyes: Flush with large amounts of cool running water for at least 15 minutes while holding upper and lower lids open. If irritation persists get medical attention immediately.
Skin: Wash with soap and water. If irritation persists seek medical attention.
Inhalation: Remove to fresh air. Seek medical attention immediately. If breathing stops give artificial respiration.
Ingestion: Do not induce vomiting. Seek medical attention immediately.

RESPIRATORY PROTECTION: None needed for proper use in accordance with label directions. If ventilation is not adequate to reduce vapor concentrations below TLV levels, use a NOSH/MSHA approved air-purifying respirator equipped with an organic vapor cartridge.
VENTILATION: Provide local exhaust to keep concentration of Section II ingredients below acceptable limits.
PROTECTIVE GLOVES: Use chemical resistant gloves if hand contact will be made.
EYE PROTECTION: Always wear safety glasses or chemical proof goggles when working with chemicals.

SECTION VIII · SPECIAL PROTECTION DATA

STEPS TO BE TAKEN IN CASE OF SPILL OR LEAK: Maintain local exhaust and adequate ventilation. No smoking. Keep sparks, heat sources and open flame far away from spill or leak. Cover with suitable absorbent material and sweep up. Wash area to prevent slipping. Dispose of soaked absorbent material in accordance with Federal, State and local laws.

WASTE DISPOSAL METHOD: Consult Federal, State and local authorities for approved procedures.
